Amendment of Section 73.202(b)
Table of Allotments
FM Broadcast Stations
(Christiansted, Virgin Islands)

) MM DOCKET NO. 92-247

) RM-8098

**EXPRESSION OF INTEREST
AND MOTION TO DISMISS**

This is to reconfirm my expression of interest in the new FM Station on Channel 285A which I proposed in my Rulemaking Petition, RM-8098, which is pending before the FCC under MM Docket No. 92-247. If the channel is allotted as requested, I will file an application for it. If that application is granted, I will construct and operate the station.

I hereby request that the Commission accept this second expression of interest in the proposed FM station on Channel 285A. Since this is being filed well in advance of the date for reply comments on the counterproposals in this docket and related dockets, no party can claim to have been prejudiced by the submission of this reaffirmation of my interest in the channel at this time rather than last month.

Scott Cinnamon, in reply comments in the above docket, has alleged that he served me with a copy of his client's counter-

proposal on January 4, 1993. That statement is false. Attached hereto is the envelope showing that this mailing was not post-marked until January 7. Further, that is only the date affixed by Mr. Cinnamon's postage meter (which he could have set back before printing). Therefore, the actual date of mailing (judging from the date of receipt) must have been significantly later.

Whether Mr. Cinnamon intentionally mailed the comments late, or was merely negligent in placing them in the mail, only he knows. However, I did not receive the documents until January 19, 1993, more than two weeks after the date Mr. Cinnamon has alleged that he placed his client's comments in the mail to me. At a minimum, based on his own postage meter stamp, Mr. Cinnamon's allegation of service on January 4 constitutes a misrepresentation to the Commission. The Commission should not reward such conduct with consideration of the counterproposal filed by Mr. Cinnamon. Instead, it should be dismissed.

Respectfully submitted,

CLAYTON KNIGHT
